INTRODUCTION.

The City has annually since 1821 issued a volume containing, until 1829, a register of the City Council and a list of the officers. In 1829 the City Charter, in 1830 the Acts relating to Boston and the ordinances, and in 1832 an index, were added. The volume for 1822 contains fifteen pages, and for 1840 eighty-five pages, and three pages of index. The volumes up to and including 1840 bear the title of The Rules and Orders of the Common Council and since that year the title of THE MUNICIPAL REGISTER. THE MUNICIPAL REGISTER for 1841 contains the Rules and Orders of the Common Council, joint rules, ordinances of the City, statutes of the Commonwealth relating to the City, a list of the public schools, the City Government of 1841, the committees and departments (consisting at that time of the treasury, law, police, health, public land and buildings, lamps and bridges, fire, and public charitable institutions), and a list of the ward officers; from 1842 to 1864 it also contains a list of the members of preceding City Governments, a necrological record of those members, the latest ordinances and the special statutes relating to the City; in 1851 a list of the annual orators was added, and in 1853 a map of the City and the Rules of the Board of Aldermen were inserted; in 1876 statistics of registration and voting were included, and, since 1879, in tabulated form; in 1883 portraits of the Mayor and presiding officers of the two branches of the City Council were included, and in 1888 a list of the members of the past City Governments of Roxbury and Charlestown was added and continued to 1890. From 1889 to 1896, inclusive, THE MUNICIPAL REGISTER contained a compilation of the Charter and Acts subsequently passed, in the place of which an index of the same appeared in 1897. The Amended Charter of 1909 was added in 1910, while the alphabetical list of Aldermen and Councilmen since 1822 was dropped.

By the direction of the Committee on Rules THE MUNICIPAL REGISTER of 1913 has been compiled by the Statistics Department. Text and tables have been revised, and various new tables, with additional text, have been incorporated.

ORIGIN AND GROWTH OF BOSTON.

The Royal Patent incorporating the Governor and Company of Massachusetts Bay in New England passed the seals March *4, 1628–29. At a General Court, or Meeting of the Company, on August *29 of that year it was voted "that the Government and patent should be settled in New England." To that end Governor Winthrop led the Puritan Exodus in 1630. Soon after his arrival at Salem on June *12, 1630, he proceeded with a large following to Charlestown, where a plantation had been established the summer before. The Assistants held three Courts at Charlestown in the interval, August *23 to September *28, inclusive. At their meeting on September *7, they "ordered that Trimountaine shalbe called Boston; Mattapan, Dorchester; and the towne upon Charles River, Waterton." Thus Shawmut of the Indians was named Boston, probably out of gratitude to the Merchants of Boston in Lincolnshire, who had subscribed generously to the stock of the Company.

In the course of the summer, Governor Winthrop with the patent chose Boston as his abiding place. The first "Court" held in Boston was a "General Court" on October *19, "for establishing of the government." On October *3, 1632, Boston was formally declared to be "the fittest place for publique meetings of any place in the Bay."

Boston was the first town in Massachusetts to become a city. It was incorporated February 23, 1822, by St. 1821, c. 110, adopted March 4, 1822. This act was revised by St. 1854, c. 448, commonly called the City Charter, adopted November 13, 1854.

The neck of land called Boston, still called Boston Proper, contained perhaps 700 acres of land, judging from the 783 acres shown by the official survey of 1794. In the interval 1630–37, Boston acquired jurisdiction over most of the territory now included in Chelsea, Winthrop, Revere, East Boston, Brookline, Quincy, Braintree, Randolph and Holbrook, besides certain islands in the harbor. From 1637 till May 13, 1640,

* Old Style.

when "Mount Woollaston" was set off as Braintree, Boston exercised jurisdiction over a territory of at least 40,000 acres. Within its present limits there are 30,295 acres, including flats and water.

Since 1640, grants of land have been made to Boston by the General Court as follows: (1) October *16, 1660, 1,000 acres "for the use of a free schoole, layd out in the wildernesse or North of the Merimake River" (in Haverhill), in 1664. (2) June *27, 1735, in abatement of Province Tax, three townships, each six miles square, or 69,120 acres in all. These townships later became the Towns of Charlemont, Colrain, and Pittsfield. Boston sold its interest in them June *30, 1737, for £3,660. (3) June 26, 1794, a township of land in Maine (23,040 acres) "to build a public hospital." This tract was sold by the City April 6, 1833, for $4,200.

Muddy River was set off as the Town of Brookline on November *13, 1705, and Rumney Marsh was set off as the Town of Chelsea January *8, 1739.

The principal annexations of territory included within the present limits of the City of Boston have been made as follows:

(1) Noddle's Island, by order of Court of Assistants, March *9, 1636-37. (2) South Boston set off from Dorchester March 6, 1804, by St. 1803, c. 111. (3) Washington Village set off from Dorchester May 21, 1855, by St. 1855, c. 468. (4) Roxbury January 6, 1868, by St. 1867, c. 359, accepted September 9, 1867. Roxbury received its name by order of the Court of Assistants October *8, 1630. It was incorporated a City March 12, 1846, by St. 1846, c. 95, accepted March 25, 1846. (5) Dorchester January 3, 1870, by St. 1869, c. 349, accepted June 22, 1869. It received its name September *7, 1630, by order of the Court of Assistants. (6) Brighton January 5, 1874, by St. 1873, c. 303, accepted October 7, 1873. Set off from Cambridge as the Town of Brighton February 24, 1807, by St. 1806, c. 65. (7) Charlestown January 5, 1874, by St. 1873, c. 286, accepted October 7, 1873. Settled July *4, 1629. It was incorporated a City February 22, 1847, by St. 1847, c. 29, accepted March 10, 1847. (8) West Roxbury January 5, 1874, by St. 1873, c. 314, accepted October 7, 1873. It was set off from Roxbury and incorporated a Town May 24, 1851, by St. 1851, c. 250. (9) Hyde Park January 1, 1912, by St. 1911, c. 469, and 583, accepted November 7, 1911. Incorporated a Town April 22, 1868.

THE CITY SEAL

As it appeared prior to 1827.

The City Seal was adopted by "An Ordinance to Establish the City Seal," passed January 2, 1823, which provides "That the design hereto annexed, as sketched by John R. Penniman, giving a view of the City, be the device of the City Seal; that the motto be as follows, to wit: 'Sicut patribus sit Deus nobis'; and that the inscription be as follows: — 'Bostonia condita, A.D. 1630. Civitatis regimine donata, A.D. 1822.'" The motto is taken from 1 Kings, viii., 57.

The seal as it then appeared is shown above.

The seal as it was afterwards changed, and has ever since continued to be used, first appeared on page 221 of the volume of laws and ordinances, commonly known as the "First Revision," published in 1827, and is continued as the City Seal at the present time by Revised Ordinances of 1898, Chapter 1, Section 5, which provides that "The seal of the City shall be circular in form; shall bear a view of the City; the motto 'Sicut Patribus Sit Deus Nobis,' and the inscription, 'Bostonia Condita, A.D. 1630. Civitatis Regimine Donata, A.D. 1822,' as herewith set forth."

The seal as changed in 1827, and as it has ever since appeared, is shown opposite the title page.

RULES OF THE CITY COUNCIL.

RULE 1. Unless otherwise ordered from time to time the regular meeting of the city council shall be held on every Monday at three o'clock p. m. Special meetings may be called by the president at his discretion, and by the city clerk for the purpose only of drawing jurors.

PRESIDENT.

RULE 2. The president of the council shall take the chair at the hour to which the council shall have adjourned and shall call the members to order, and, a quorum being present, shall proceed with the regular order of business. In the absence of the president the senior member by age present shall preside as temporary president or until a presiding officer is chosen.

RULE 3. The president shall preserve decorum and order, may speak to points of order in preference to other members, and shall decide all questions of order, subject to an appeal. Any member may appeal from the decision of the chair, and, when properly seconded, no other business, except a motion to adjourn or to lay on the table, shall be in order until the question on appeal has been decided. The question shall be put as follows:

"*Shall the decision of the chair stand as the judgment of the council?*" The vote shall be by a roll call, and it shall be decided in the affirmative unless a majority of the votes are to the contrary.

RULE 4. The president shall propound all motions in the order in which they are moved, unless the subsequent motion shall be previous in its nature, except that, in naming sums and fixing times, the largest sum and the longest time shall be put first.

RULE 5. The president shall, at the request of any member, make a division of a question when the sense will admit.

RULE 6. The president shall, without debate, decide all questions relating to priority of business to be acted upon.

RULE 7. The president shall declare all votes; but if any member doubts a vote, the president shall cause a rising vote to be taken, and, when any member so requests, shall cause the vote to be taken or verified by yeas and nays.

RULE 8. The president shall appoint all committees, fill all vacancies therein, and designate the rank of the members thereof.

RULE 9. When the president of the council or the president *pro tempore* shall desire to vacate the chair he may call any member to it; but such substitution shall not continue beyond an adjournment.

Motions.

Rule 10. Every motion shall be reduced to writing if the president shall so direct.

Rule 11. A motion to strike out and insert shall be deemed indivisible; but a motion to strike out being lost shall not preclude amendment, or a motion to strike out and insert.

Rule 12. No motion or proposition of a subject different from that under consideration shall be admitted under color of amendment.

Rule 13. When an order or resolution relates to a subject which may properly be examined and reported upon by an existing committee of the city council, such order or resolution shall, upon presentation, be referred to such committee. When a motion is made to refer any subject, and different committees are proposed, the motion shall be put in the following order:

1. To a standing committee of the council.
2. To a special committee of the council.

Any member offering a motion, order or resolution, which is referred to a committee, shall be given a hearing on the same by the committee before a report is made thereon, provided he so requests at the time of offering the order or before final action by the committee.

Rule 14. After a motion has been put by the president it shall not be withdrawn except by unanimous consent.

Rule 15. When a question is under debate the following motions only shall be entertained, and shall have precedence in the order in which they stand arranged:

1. To adjourn.
2. To lay on the table.
3. The previous question.
4. To close debate at a specified time.
5. To postpone to a day certain.
6. To commit.
7. To amend.
8. To postpone indefinitely.

Rule 16. A motion to adjourn shall be in order at any time, except on an immediate repetition, or pending a verification of a vote; and that motion, the motion to lay on the table, the motion to take from the table, and the motion for the previous question, shall be decided without debate.

Readings.

Rule 17. Every ordinance, order and resolution shall, unless rejected, have two several readings, both of which may take place at the same session, unless objection is made; *provided, however*, that all orders for the expenditure of money presented to, or reported upon by a committee of the council, shall lie over for one week before final action thereon. When-

ever the second reading immediately follows the first reading the document may be read by its title only; *provided*, that all orders releasing rights or easements in or restrictions on land, all orders for the sale of land other than school lands, all appropriations for the purchase of land other than for school purposes, and all loans voted by the city council shall require a vote of two-thirds of all the members of the city council, and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first.

Reconsideration.

Rule 18. When a vote has been passed, any member may move a reconsideration thereof at the same meeting, or he may give notice to the clerk, within twenty-four hours of the adjournment of any meeting except the final meeting, of his intention to move a reconsideration at the next regular meeting; in which case the clerk shall retain possession of the papers until the next regular meeting. No member shall speak for more than ten minutes on a motion to reconsider.

Rule 19. When a motion to reconsider has been decided, that decision shall not be reconsidered, and no question shall be twice reconsidered unless it has been amended after the reconsideration; nor shall any reconsideration be had upon the following motions:

To adjourn.
The previous question.
To lay on the table.
To take from the table.
To close debate at a specified time.

A motion to reconsider may be laid on the table or postponed indefinitely, and the effect of such action in either case shall be to defeat the motion to reconsider.

Conduct of Members.

Rule 20. Every member when about to speak shall rise, address the chair, and wait until he is recognized, and in speaking shall refrain from mentioning any other member by name, shall confine himself to the question and avoid personalities. Any member who, in debate or otherwise, indulges in personalities or makes charges reflecting upon the character of another member shall make an apology in open session at the meeting when the offence is committed or at the next succeeding regular meeting, and, failing to do so, shall be named by the president, or held in contempt and suspended from further participation in debate until said apology is made.

Rule 21. No member shall speak more than once on a question when another member who has not spoken claims the floor, and no member speaking shall, without his consent, be interrupted by another, except upon a point of order.

RULE 22. No member shall be permitted to vote on any question, or serve on any committee, where his private right is immediately concerned, distinct from the public interest.

RULE 23. Every member who shall be present when a question is put, where he is not excluded by interest, shall give his vote, unless the council for special reason shall excuse him. Application to be so excused on any question must be made before the council is divided, or before the calling of the yeas and nays; and such application shall be accompanied by a brief statement of the reasons, and shall be decided without debate.

STANDING COMMITTEES.

AMENDED CITY CHARTER OF 1909.

THE MAYOR AND CITY COUNCIL.

SECTION 1. The terms of office of the mayor and the members of both branches of the present city council of the city of Boston and of the street commissioner whose term would expire on the first Monday of January, nineteen hundred and ten, are hereby extended to ten o'clock A.M. on the first Monday of February, nineteen hundred and ten, and at that time the said city council and both branches thereof and the positions of city messenger, clerk of the common council, clerk of committees, assistant clerk of committees, and their subordinates shall be abolished. The officials whose terms of office are hereby extended shall, for the extended term, receive a compensation equal to one-twelfth of the annual salaries now paid to them respectively. The mayor and city council elected in accordance with the provisions of this act, and their successors, shall thereafter have all the powers and privileges conferred, and be subject to all the duties and obligations imposed by law upon the city council or the board of aldermen, acting as such or as county commissioners or in any capacity, except as herein otherwise provided. Wherever in this act the phrase "mayor and city council" appears, it shall be understood as meaning the mayor and city council acting on and after the first Monday of February, nineteen hundred and ten, under the provisions of this and the three following sections. The city council may, subject to the approval of the mayor, from time to time establish such offices, other than that of city clerk, as it may deem necessary for the conduct of its affairs and at such salaries as it may determine, and abolish such offices or alter such salaries; and without such approval may fill the offices thus established and remove the incumbents at pleasure.

SECT. 2. The mayor from time to time may make to the city council in the form of an ordinance or loan order filed with the city clerk such recommendations other than for school purposes as he may deem to be for the welfare of the city. The city council shall consider each ordinance or loan order presented by the mayor and shall either adopt or reject the same within sixty days after the date when it is filed as aforesaid. If the said ordinance or loan order is not rejected within said sixty days it shall be in force as if adopted by the city council unless previously withdrawn by the mayor. Nothing herein shall prevent the mayor from again

NOTE.— The Amended City Charter is contained in Chap. 486, Acts of 1909, consisting of sixty-three sections. We have omitted §§ 35 to 44 inclusive, as these concern the alternative amendments which became inoperative on the adoption of Plan 2 by the voters at the State election, November 2, 1909.

presenting an ordinance or loan order which has been rejected or withdrawn. The city council may originate an ordinance or loan order and may reduce or reject any item in any loan and, subject to the approval of the mayor, may amend an ordinance. All sales of land other than school lands, all appropriations for the purchase of land other than for school purposes, and all loans voted by the city council shall require a vote of two thirds of all the members of the city council; and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first. No amendment increasing the amount of land to be sold or the amount to be paid for the purchase of land, or the amount of loans, or altering the disposition of purchase money or of the proceeds of loans shall be made at the time of the second reading and vote.

SECT. 3. All appropriations, other than for school purposes, to be met from taxes, revenue, or any source other than loans shall originate with the mayor, who within thirty days after the beginning of the fiscal year shall submit to the city council the annual budget of the current expenses of the city and county, and may submit thereafter supplementary budgets until such time as the tax rate for the year shall have been fixed. The city council may reduce or reject any item, but without the approval of the mayor shall not increase any item in, nor the total of a budget, nor add any item thereto, nor shall it originate a budget. It shall be the duty of the city and county officials, when requested by the mayor, to submit forthwith in such detail as he may require estimates for the next fiscal year of the expenditures of the department or office under their charge, which estimates shall be transmitted to the city council.

The city auditor may, with the approval in each instance of the mayor, at any time make transfers from the appropriation for current expenses of one division of a department to the appropriation for current expenses of any other division of the same department, and from the reserve fund to any appropriation for the current expenses of a department; and may also, with the approval of the mayor, at any time between December first and February first, make transfers from any appropriation to any other appropriation: *provided, however*, that no money raised by loan shall be transferred to any appropriation from income or taxes. He may also with such approval apply any of the income and taxes not disposed of in closing the accounts for the financial year in such manner as he may determine.

SECT. 4. Every appropriation, ordinance, order, resolution and vote of the city council, except votes relating to its own internal affairs, shall be presented to the mayor, who shall make or cause to be made a written record of the time and place of presentation, and it shall be in force if he approves the same within fifteen days after it shall have been presented to him, or if the same is not returned by him with his objections thereto in writing within said period of fifteen days. If within said period said appropriation, ordinance, order, resolution, or vote is returned by the

mayor to the city council by filing the same with the city clerk with his objections thereto the same shall be void. If the same involves the expenditure of money, the mayor may approve some of the items in whole or in part and disapprove other of the items in whole or in part; and such items or parts of items as he approves shall be in force, and such items or parts of items as he disapproves shall be void.

SECT. 5. Except as otherwise provided in this act, the organization, powers, and duties of the executive departments of the city shall remain as constituted at the time when this section takes effect; but the mayor and city council at any time may by ordinance reorganize, consolidate, or abolish departments in whole or in part; transfer the duties, powers, and appropriations of one department to another in whole or in part; and establish new departments; and may increase, reduce, establish or abolish salaries of heads of departments, or members of boards. Nothing in this act shall authorize the abolition or the taking away of any of the powers or duties as established by law of the assessing department, building department, board of appeal, children's institutions department, election department, fire department, Franklin Foundation, hospital department, library department, overseers of the poor, schoolhouse department, school committee, or any department in charge of an official or officials appointed by the governor, nor the abolition of the health department.

SECT. 6. No contract for lighting the public streets, parks, or alleys, or for the collection, removal, or disposal of refuse, extending over a period of more than one year from the date thereof, shall be valid without the approval of the mayor and the city council after a public hearing held by the city council, of which at least seven days' notice shall have been given in the City Record.

SECT. 7. The city council at any time may request from the mayor specific information on any municipal matter within its jurisdiction, and may request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the mayor shall personally, or through a head of a department or a member of a board, attend such meeting and publicly answer all such questions. The person so attending shall not be obliged to answer questions relating to any other matter. The mayor at any time may attend and address the city council in person or through the head of a department, or a member of a board, upon such subject as he may desire.

SECT. 8. Neither the city council, nor any member or committee, officer, or employee thereof shall, except as otherwise provided in this act, directly or indirectly on behalf of the city or of the county of Suffolk take part in the employment of labor, the making of contracts, the purchase of materials, supplies or real estate; nor in the construction, alteration, or repair of any public works, buildings, or other property; nor in the care, custody, and management of the same; nor in the

conduct of the executive or administrative business of the city or county; nor in the appointment or removal of any municipal or county employee; nor in the expenditure of public money except such as may be necessary for the contingent and incidental expenses of the city council. The provisions of this section shall not affect the powers or duties of the city council as the successor of the present board of aldermen relative to state or military aid and soldiers' relief.

It shall be unlawful for the mayor or for a member of the city council or for any officer or employee of the city or of the county of Suffolk or for a member of the finance commission directly or indirectly to make a contract with the city or with the county of Suffolk, or to receive any commission, discount, bonus, gift, contribution or reward from or any share in the profits of any person or corporation making or performing such contract, unless such mayor, member of the city council, officer, or employee or member of the finance commission immediately upon learning of the existence of such contract or that such contract is proposed, shall notify in writing the mayor, city council, and finance commission of such contract and of the nature of his interest in such contract and shall abstain from doing any official act on behalf of the city in reference thereto. In case of such interest on the part of an officer whose duty it is to make such contract on behalf of the city, the contract may be made by any other officer of the city duly authorized thereto by the mayor, or if the mayor has such interest by the city clerk: *provided, however,* that when a contractor with the city or county is a corporation or voluntary association, the ownership of less than five per cent of the stock or shares actually issued shall not be considered as being an interest in the contract within the meaning of this act, and such ownership shall not affect the validity of the contract, unless the owner of such stock or shares is also an officer or agent of the corporation or association, or solicits or takes part in the making of the contract.

A violation of any provision of this section shall render the contract in respect to which such violation occurs voidable at the option of the city or county. Any person violating the provisions of this section shall be punished by a fine of not more than one thousand dollars, or by imprisonment for not more than one year, or both. Chapter five hundred and twenty-two of the acts of the year nineteen hundred and eight is hereby repealed.

The Executive Department.

Sect. 9. All heads of departments and members of municipal boards, including the board of street commissioners, as their present terms of office expire (but excluding the school committee and those officials by law appointed by the governor), shall be appointed by the mayor without confirmation by the city council. They shall be recognized experts in such work as may devolve upon the incumbents of said offices, or persons specially fitted by education, training or experience to perform

the same, and (except the election commissioners, who shall remain subject to the provisions of existing laws) shall be appointed without regard to party affiliation or to residence at the time of appointment except as hereinafter provided.

SECT. 10. In making such appointments the mayor shall sign a certificate in the following form:

CERTIFICATE OF APPOINTMENT.

I appoint (Name of Appointee) to the position of (Name of Office) and I certify that in my opinion he is a recognized expert in the work which will devolve upon him, and that I make the appointment solely in the interest of the city. Mayor.

Or in the following form, as the case may be:

CERTIFICATE OF APPOINTMENT.

I appoint (Name of Appointee) to the position of (Name of Office) and I certify that in my opinion he is a person specially fitted by education, training, or experience to perform the duties of said office, and that I make the appointment solely in the interest of the city. Mayor.

The certificate shall be filed with the city clerk, who shall thereupon forward a certified copy to the civil service commission. The commission shall immediately make a careful inquiry into the qualifications of the nominee under such rules as they may, with the consent of the governor and council, establish, and, if they conclude that he is a competent person with the requisite qualifications, they shall file with the city clerk a certificate signed by at least a majority of the commission that they have made a careful inquiry into the qualifications of the appointee, and that in their opinion he is a recognized expert, or that he is qualified by education, training or experience for said office, as the case may be, and that they approve the appointment. Upon the filing of this certificate the appointment shall become operative, subject however to all provisions of law or ordinance in regard to acceptance of office, oath of office, and the filing of bonds. If the commission does not within thirty days after the receipt of such notice file said certificate with the city clerk the appointment shall be void.

SECT. 11. The civil service commission is authorized to incur in carrying out the foregoing provisions such reasonable expense as may be approved by the governor and council; the same to be paid by the commonwealth, which upon demand shall be reimbursed by the city of Boston.

SECT. 12. A vacancy in any office to which the provisions of section nine of this act apply, shall be filled by the mayor under the provisions of said section and pending a permanent appointment he shall designate some other head of a department or member of a board to discharge the duties of the office temporarily.

SECT. 13. Members of boards shall be appointed for the terms established by law or by ordinance. Heads of departments shall be appointed

for terms of four years beginning with the first day of May of the year in which they are appointed and shall continue thereafter to hold office during the pleasure of the mayor.

Sect. 14. The mayor may remove any head of a department or member of a board (other than the election commissioners, who shall remain subject to the provisions of existing laws) by filing a written statement with the city clerk setting forth in detail the specific reasons for such removal, a copy of which shall be delivered or mailed to the person thus removed, who may make a reply in writing, which, if he desires, may be filed with the city clerk; but such reply shall not affect the action taken unless the mayor so determines. The provisions of this section shall not apply to the school committee or to any official by law appointed by the governor.

Sect. 15. The positions of assistants and secretary authorized by section twenty of chapter four hundred and forty-nine of the acts of the year eighteen hundred and ninety-five except those in the election department are hereby abolished, and except as aforesaid the said section is hereby repealed.

The civil service laws shall not apply to the appointment of the mayor's secretaries, nor of the stenographers, clerks, telephone operators and messengers connected with his office, and the mayor may remove such appointees without a hearing and without making a statement of the cause for their removal.

Sect. 16. No official of said city, except in case of extreme emergency involving the health or safety of the people or their property, shall expend intentionally in any fiscal year any sum in excess of the appropriations duly made in accordance with law, nor involve the city in any contract for the future payment of money in excess of such appropriation, except as provided in section six of this act. Any official who shall violate the provisions of this section shall be punished by imprisonment for not more than one year, or by a fine of not more than one thousand dollars, or both.

The Finance Commission.

Sect. 17. Within sixty days after the passage of this act the governor with the advice and consent of the council shall appoint a finance commission to consist of five persons, inhabitants of and qualified voters in the city of Boston, who shall have been such for at least three years prior to the date of their appointment, one for the term of five years, one for four years, one for three years, one for two years, and one for one year, and thereafter as the terms of office expire in each year one member for a term of five years. Vacancies in the commission shall be filled for the unexpired term by the governor with the advice and consent of the council. The members of said commission may be removed by the governor with the advice and consent of the council for such cause as he shall deem sufficient. The chairman shall be designated by the

governor. His annual salary shall be five thousand dollars, which shall be paid in monthly instalments by the city of Boston. The other members shall serve without pay.

SECT. 18. It shall be the duty of the finance commission from time to time to investigate any and all matters relating to appropriations, loans, expenditures, accounts, and methods of administration affecting the city of Boston or the county of Suffolk, or any department thereof, that may appear to the commission to require investigation, and to report thereon from time to time to the mayor, the city council, the governor, or the general court. The commission shall make an annual report in January of each year to the general court.

SECT. 19. Whenever any pay roll, bill, or other claim against the city is presented to the mayor, city auditor, or the city treasurer, he shall, if the same seems to him to be of doubtful validity, excessive in amount, or otherwise contrary to the city's interest, refer it to the finance commission, which shall immediately investigate the facts and report thereon; and pending said report payment shall be withheld.

SECT. 20. The said commission is authorized to employ such experts, counsel, and other assistants, and to incur such other expenses as it may deem necessary, and the same shall be paid by said city upon requisition by the commission, not exceeding in the aggregate in any year the sum of twenty-five thousand dollars, or such additional sums as may be appropriated for the purpose by the city council, and approved by the mayor. A sum sufficient to cover the salary of the chairman of the commission and the further sum of at least twenty-five thousand dollars to meet the expenses as aforesaid shall be appropriated each year by said city. The commission shall have the same right to incur expenses in anticipation of its appropriation as if it were a regular department of said city.

SECT. 21. For the purpose of enabling the said commission to perform the duties and carry out the objects herein contemplated, and to enable the mayor, the city council, the governor or the general court to receive the reports and findings of said commission as a basis for such laws, ordinances, or administrative orders as may be deemed meet, the commission shall have all the powers and duties enumerated in chapter five hundred and sixty-two of the acts of the year nineteen hundred and eight and therein conferred upon the commission designated in said act; but counsel for any witness at any public hearing may ask him any pertinent question and may offer pertinent evidence through other witnesses subject to cross-examination by the commission and its counsel.

THE CITY CLERK.

SECT. 22. The present city clerk shall hold office for the term for which he has been elected, and thereafter until his successor is chosen and qualified. In the year nineteen hundred and eleven, and every third year thereafter, a city clerk shall be elected by a majority of the members of

the city council, to hold office until the first Monday in February in the third year following his election, and thereafter until his successor has been duly chosen and qualified, unless sooner removed by due process of law. The city clerk shall act as clerk of the city council established by this act.

The City Auditor.

Sect. 23. All accounts rendered to or kept in the departments of the city of Boston or county of Suffolk shall be subject to the inspection and revision of the city auditor, and shall be rendered and kept in such form as he shall prescribe. The auditor may require any person presenting for settlement an account or claim against the city or county to make oath before him in such form as he may prescribe as to the accuracy of such account or claim. The wilful making of a false oath shall be perjury and punishable as such. The auditor may disallow and refuse to pay, in whole or in part, any claim on the ground that it is fraudulent or unlawful and in that case he shall file a written statement of his reasons for the refusal.

Sect. 24. Whenever, in response to an advertisement by any officer or board of the city or county, a bid for a contract to do work or furnish materials is sent or delivered to said officer or board, a duplicate of the same shall be furnished by the bidder to the auditor, to be kept by him and not opened until after the original bids are opened. After the original bids are opened, the auditor shall open and examine the bids submitted to him, and shall compare the same with the original bids. In case any of the bids submitted to the auditor differ from the corresponding original bids, those submitted to the auditor shall be treated as the original bids. The contract shall not be awarded until after both sets of bids are opened.

Sect. 25. The auditor shall furnish monthly to each head of department a statement of the unexpended balance of the appropriation for that department, and he shall furnish to the mayor and city council a statement of the unexpended balances of all the departments. He shall furnish quarterly to the city council an itemized statement showing the amount of money expended by the mayor and the city council for contingent expenses.

Miscellaneous Provisions.

Sect. 26. All loans issued by the city after the passage of this act shall be made payable in annual instalments in the manner authorized by section thirteen of chapter twenty-seven of the Revised Laws as amended by section one of chapter three hundred and forty-one of the acts of the year nineteen hundred and eight. No sinking fund shall be established for said loan. All bonds shall be offered for sale in such a manner that the effect of the premiums, if any, shall be to reduce the total amount of bonds issued. No city or county money shall be deposited in any bank or trust company of which any member of the board of sinking fund commissioners of said city is an officer, director, or agent.

SECT. 27. Every officer and board in charge of a department of the city of Boston or county of Suffolk shall on or before the fifth day of May in each year prepare and furnish to the city auditor a list of the officials and employees under said officer or board and paid by the city or county on the thirtieth day of April preceding. Such lists shall give the names, residence by street and ward, designation, compensation, and date of election or appointment of each of said officials and employees and the date when each first entered the employ of the city or county. It shall be the duty of the city auditor to verify said lists by the pay rolls; and when verified the said lists shall be printed by the superintendent of printing as a city document.

SECT. 28. The jurisdiction now exercised by the board of aldermen concerning the naming of streets, the planting and removal of trees in the public ways, the issue of permits or licenses for coasting, the storage of gasoline, oil, and other inflammable substances or explosive compounds and the use of the public ways for any permanent or temporary obstruction or projection in, under, or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railway, or illuminating purposes, is hereby vested in the board of street commissioners, to be exercised by said board with the approval in writing of the mayor; and the mayor and city council shall have authority to fix by ordinance the terms by way of cash payment, rent, or otherwise, upon which permits or licenses for the storage of gasoline or oil, or other inflammable substances or explosive compounds, and the construction or use of coal holes, vaults, bay windows, and marquises, in, under, or over the public ways shall be issued.

SECT. 29. Within ninety days after the passage of this act and thereafter there shall be published at least once a week and distributed and sold under the direction of the mayor and on terms to be fixed by the city council and approved by the mayor a paper to be known as the "City Record." All advertising, whether required by law or not, with reference to the purchase or taking of land, contracts for work, materials, or supplies, the sale of bonds, or the sale of property for non-payment of taxes shall appear exclusively in said paper; a list of all contracts of one thousand dollars or more, as awarded, with the names of bidders, and the amount of the bids; appointments by the mayor; and changes in the number and compensation of employees in each department, shall be published in the City Record. The proceedings of the city council and school committee together with all communications from the mayor, shall be published in the City Record.

SECT. 30. Every officer or board in charge of a department in said city, when authorized to erect a new building or to make structural changes in an existing building, shall make contracts therefor, not exceeding five, each contract to be subject to the approval of the mayor; and when about to do any work or to make any purchase, the estimated cost of which alone, or in conjunction with other similar work or purchase which might properly be included in the same contract, amounts

to or exceeds one thousand dollars, shall, unless the mayor gives written authority to do otherwise, invite proposals therefor by advertisement in the City Record. Such advertisement shall state the time and place for opening the proposals in answer to said advertisement, and shall reserve the right to the officer or board to reject any or all proposals. No authority to dispense with advertising shall be given by the mayor unless the said officer or board furnishes him with a signed statement which shall be published in the City Record giving in detail the reasons for not inviting bids by advertisement.

Sect. 31. At the request of any department, and with the approval of the mayor the board of street commissioners, in the name of the city, may take in fee for any municipal purpose any land within the limits of the city, not already appropriated to public use. Whenever the price proposed to be paid for a lot of land for any municipal purpose is more than twenty-five per cent higher than its average assessed valuation during the previous three years, said land shall not be taken by purchase but shall be taken by right of eminent domain and paid for in the manner provided for the taking of and the payment of damages for land for highways in said city. No land shall be taken until an appropriation by loan or otherwise for the general purpose for which land is needed shall have been made by the mayor and city council by a two thirds vote of all its members; or in case of land for school purposes by the school committee and schoolhouse department in accordance with law; nor shall a price be paid in excess of the appropriation, unless a larger sum is awarded by a court of competent jurisdiction. All proceedings in the taking of land shall be under the advice of the law department, and a record thereof shall be kept by said department.

Sect. 32. The first municipal election under this act shall take place on the first Tuesday after the second Monday in January in the year nineteen hundred and ten, and thereafter the regular municipal elections in each year in said city shall be held on the first Tuesday after the second Monday in January.

Sect. 33. SECT. 45. The mayor of the city of Boston shall be elected at large to hold office for the term of four years from the first Monday in February following his election and until his successor is chosen and qualified, except as hereinafter provided.

If a majority of the qualified voters registered in said city for said state election shall vote in the affirmative on said question, there shall be an election for mayor in said city at the municipal election held in January next following said state election, and the same shall be conducted, and the result thereof declared in all respects as are other city elections for mayor, except that the board of election commissioners shall place on the official ballot for said election without nomination the name of the person then holding the office of mayor (other than an acting mayor), unless in writing he shall request otherwise. The mayor then elected shall hold office for four years, subject to recall at the end of two years as provided in this section. If said question is not answered in the affirmative by the vote aforesaid no election for mayor shall be held and the mayor shall continue to hold office for his unexpired term. If prior to October first in the said second year of his term the mayor shall file with the secretary of the commonwealth a written notice that he does not desire said question to appear upon the ballot at said state election it shall be omitted; his term of office shall expire on the first Monday of February following; and there shall be an election for mayor in said city at the municipal election held in January next following said state election, and at such municipal election the mayor's name shall not be placed on the official ballot unless he is nominated in the manner provided in section fifty-three of this act.

SECT 47. If such vacancy occurs at any other time there shall be an election for mayor at the municipal election held in January next following, for the term of four years, subject to recall as aforesaid. In the case of the decease, inability, absence or resignation of the mayor, and whenever there is a vacancy in the office from any cause, the president of the city council

while said cause continues or until a mayor is elected shall perform the duties of mayor. If he is also absent or unable from any cause to perform such duties they shall be performed until the mayor or president of the city council returns or is able to attend to said duties by such member of the city council as that body may elect, and until such election by the city clerk. The person upon whom such duties shall devolve shall be called "acting mayor" and he shall possess the powers of mayor only in matters not admitting of delay, but shall have no power to make permanent appointments except on the decease of the mayor.

The City Council.

Sect. 48. There shall be elected at large in said city a city council consisting of nine members. At the first election under this act there shall be elected nine members of said city council. No voter shall vote for more than nine. The three candidates receiving the largest number of votes at said election shall hold office for three years, the three receiving the next largest number of votes shall hold office for two years, the three receiving the next largest number of votes shall hold office for one year. In case two or more persons elected should receive an equal number of votes those who are the seniors by age shall for the division into classes hereby required be classified as if they had received the larger number of votes in the order of ages. Sect. 50. The city council shall be the judge of the election and qualifications of its members; shall elect from its members by vote of a majority of all the members a president who when present shall preside at the meetings thereof; shall from time to time establish rules for its proceedings, and shall, when a vacancy occurs in the office of any member, elect by vote of a majority of all the members a registered voter of said city to fill the vacancy for the remainder of the municipal year. The vacancy for the remainder of the unexpired term shall be filled at the next annual municipal election, unless the vacancy occurs within two months prior to such municipal election, in which event the city council shall forthwith order a special election to fill the vacancy for the unexpired term. The member eldest in years shall preside until the president is chosen, and in case of the absence of the president, until a presiding officer is chosen.

Sect. 51. All elections by the city council under any provision of law shall be made by a viva voce vote, each member who is present answering to his name when it is called by the clerk or other proper officer, and stating the name of the person for whom he votes, or declining to vote as the case

may be; and the clerk or other proper officer shall record every such vote. No such election shall be valid unless it is made as aforesaid.

SECT. 52. No primary election or caucus for municipal offices shall be held hereafter in the city of Boston, and all laws relating to primary elections and caucuses for such offices in said city are hereby repealed.

SECT. 53. Any male qualified registered voter in said city may be nominated for any municipal elective office in said city, and his name as such candidate shall be printed on the official ballot to be used at the municipal election: *provided*, that at or before five o'clock P.M. of the twenty-fifth day prior to such election nomination papers prepared and issued by the election commissioners, signed in person by at least five thousand registered voters in said city qualified to vote for such candidate at said election, shall be filed with said election commissioners, and the signatures on the same to the number required to make a nomination are subsequently certified by the election commissioners as hereinafter provided. After such nomination papers have been filed, the election commissioners shall certify thereon the number of signatures which are the names of registered voters in the city qualified to sign the same. They need not certify a greater number of names than are required to make a nomination, with one fifth of such number added thereto. All such papers found not to contain a number of names so certified equivalent to the number required to make a nomination shall be invalid. The election commissioners shall complete such certification on or before five o'clock P.M. on the sixteenth day preceding the city election. Such certification shall not preclude any voter from filing objections as to the validity of the nomination. All withdrawals and objections to such nominations shall be filed with the election commissioners on or before five o'clock P.M. on the fourteenth day preceding the city election. All substitutions to fill vacancies caused by withdrawal or ineligibility shall be filed with the election commissioners on or before five o'clock P.M. on the twelfth day preceding the city election.

municipal election, and the names of no other candidates shall be printed thereon. The names of candidates for the same office shall be printed upon the official ballot in the order in which they may be drawn by the board of election commissioners, whose duty it shall be to make such drawing and to give each candidate an opportunity to be present thereat personally or by one representative.

SECT. 58. No ballot used at any annual or special municipal election shall have printed thereon any party or political designation or mark, and there shall not be appended to the name of any candidate any such party or political designation or mark, or anything showing how he was nominated or indicating his views or opinions.

SECT. 59. On ballots to be used at annual or special municipal elections blank spaces shall be left at the end of each list of candidates for the different offices, equal to the number to be elected thereto, in which the voter may insert the name of any person not printed on the ballot for whom he desires to vote for such office.

SECT. 60. All laws not inconsistent with the provisions of this act, governing nomination papers and nominations for, and elections of municipal officers in the city of Boston, shall so far as they may be applicable, govern the nomination papers, nominations and elections provided for in this act. The board of election commissioners shall be subject to the same penalties and shall have the same powers and duties, where not inconsistent with the provisions of this act, in relation to nomination papers, preparing and printing ballots, preparing for and conducting elections and counting, tabulating and determining the votes cast under the provisions of this act, as they have now in relation to municipal elections in said city.

SECT. 61. The provisions of this act shall apply to any special municipal election held after the year nineteen hundred and nine in the city of Boston, except that nomination papers for offices to be filled at such elections shall be issued by the election commissioners on and after the day following the calling of said special election. The Trustees of the Public Library of the City of Boston, who are five in number, are appointed by the Mayor, one each year, for a term of five years. They were incorporated by an act of the General Court passed April 4, 1878, and are authorized to receive and hold real and personal estate which may be given, granted, bequeathed or devised to the said corporation, to an amount not exceeding $1,000,000. The first Trustees were appointed under an ordinance of October 14, 1852. The old Library Building on Boylston street was opened to the public in September, 1858, and closed finally in January, 1895. The new Library Building on Copley square was first opened on March 11, 1895. The Library is

maintained by an annual appropriation voted out of the general funds of the City by the City Council. About $27,440 of this appropriation was used in 1912 for the purchase of books and periodicals. The Library also holds trust funds aggregating $472,008, the interest of which is devoted to the purchase of books.

The annual reports, the first of which appeared in 1852, have been continued without interruption.

Of the Quarterly Bulletins begun in 1867, fourteen volumes have been published. The series closed in 1896.

A Quarterly Bulletin of a new series is now issued, and a weekly list of new books added to the Library. The Trustees have issued also general and special catalogues of the Central Library, and of its branches and special collections, as well as hand-books for readers, and other documents.

LIBRARY SYSTEM.

The Library system consists of the Central Library in Copley square; thirteen branch libraries with independent collections of books; fifteen reading-room stations (minor branches), all of which contain deposits of books from the Central Library, reference books and periodicals. There were, on February 1, 1913, in the Central Library, branch libraries and reading-rooms, 568 employees, including 249 who are employed in the evening and on Sunday, some of whom also work during the week; and including also a certain number who only work a few hours or days in each week.

Between the Central Library and these twenty-eight stations, by library wagons, there is a daily exchange of books and cards, whereby persons living in outlying districts can draw books from the Central Library without the necessity of coming in person.

The delivery or deposit of books is also undertaken in one hundred and thirty-one public and parochial schools, thirty-one institutions and sixty-one fire company houses.

Cards allowing the use of two books without restriction as to class, for two weeks, are issued to all residents of Boston with no further attendant delay than is involved in identification. No guaranty is asked, except in case of a sojourner. Such cards are also issued to non-resident pupils attending Boston schools who furnish guaranties. For reading and reference the Library is open to all without formality. Special cards for more extended privileges are issued to clergymen officiating in the City, and to teachers giving instruction in Boston institutions of learning; a special card is also issued in certain cases by the Trustees. On February 1, 1913, there were 92,599 card-holders having the right to draw books for home use. The total number of volumes was 1,049,011, and of different newspapers and periodicals currently received at the Central Library and branches about 2,152. Books issued in 1912, for home use and for use through schools and institutions, numbered 1,744,878; of reference use, on account of the freedom with which books may be consulted, no adequate statistics are kept.

The Overseers of the Poor in the Town of Boston, a corporation established in 1772 by act of the Legislature, in 1864 were succeeded by the corporation called "Overseers of the Poor in the City of Boston," consisting of twelve residents of Boston, four of whom are appointed annually to serve for the term of three years from the first day of May. The Board has issued annual reports since 1865.

The Overseers of the Poor are also incorporated as a Board of Trustees of John Boylston's and other charitable funds, left for the assistance of persons of good character and advanced age, "who have been reduced by misfortune to indigence and want."

In charge of the Overseers are the Wayfarers' Lodge on Hawkins street, which shelters homeless men who are out of employment, exacting some kind of work for their board, and the Temporary Home on Chardon street for women and children. The total amount of the seventeen permanent charity funds in the custody of the Overseers on February 1, 1913, was $855,761.

The Arnold Arboretum, containing originally 122.6 acres, belonging to Harvard College, was taken with other lands, in 1881, for a public park, and in 1895 another tract of about 68 acres on Peters' Hill, also belonging to Harvard College, was taken, and the name Bussey Park was added to the title. All the land in these tracts not required for driveways and walks,

NOTE.— In June, 1912, an appropriation of $20,000 was made for a monument to be erected in honor of Wendell Phillips.

a quarry reservation and traffic road, was leased to Harvard College, to be used only for the purposes of an arboretum under the trusts created by the wills of Benjamin Bussey and James Arnold. The arboretum is open to visitors daily from 7 A.M. until sunset.

The new Franklin Park Zoological Garden on the northerly side of the park is designed to occupy sixty to eighty acres when completed and to cost $300,000 or more. In the summer of 1912, the group of bear dens, the aquatic flying cage, etc., were finished and put on exhibition. The new Marine Park Aquarium, costing approximately $125,000, was opened to the public on November 28, 1912. The entire outlay for both has been appropriated from the George F. Parkman Fund income.

GEORGE F. PARKMAN FUND.

By the will of the late George F. Parkman, various real estate properties worth between $5,000,000 and $6,000,000 were left to the City, the income therefrom to be expended for the maintenance and improvement of the Common and such parks as were in existence January 12, 1887, and no part of it to be used for the purchase of additional land for park purposes. The bequest was accepted by the City Council, March 9, 1909, since which date most of the realty has been sold and the proceeds invested in municipal and other bonds. On February 1, 1913, the principal of the fund in the custody of the City Treasurer amounted to $4,689,176.

RECREATION DIVISION.

——— ———, *Deputy Commissioner.* Salary, ———.

The Deputy Commissioner of the Recreation Division has supervision of the sports on the public playgrounds and in the parks, also of the recreative activities which have hitherto been carried on by the Bath Department and the Music Department. These two departments were established by ordinance in 1898, and up to the present year each has been managed by its Board of Trustees, appointed by the Mayor.

The first playground acquired by the City was the Charlestown Playground, purchased in 1891. With that included, 49 playgrounds (38 separate and 11 located in parks), with a total area of 353.98 acres, have been established, most of them equipped with first-class shelter and sanitary buildings containing lockers, also drinking fountains, shower baths, etc.

The total outlay for land and construction of the playgrounds (not including those in parks) is approximately $2,370,000, and this amount will be increased by about $350,000 as soon as the 1912 special appropriations are all expended.

SEWER AND WATER DIVISION.

Main Office, 47 City Hall, third floor.

Frank A. McInnes, *Division Engineer.* Salary, $5,000.

Edgar S. Dorr, *Chief Engineer of Sewer Service.* Salary, $3,500.

William J. Welch, *Superintendent of Distribution Branch, Water Service.* Salary, $3,000.

James A. McMurry, *Engineer in Charge of Income Branch, Water Service.* Salary, $2,500.

Christopher J. Carven, *Engineer of Maintenance, Water Service.* Salary, $2,700.

Frederic I. Winslow, *Engineer of Extension, Water Service.* Salary, $2,400.

The Division Engineer of this division has charge of the preparation of plans for and the construction of new sewers, the repairing and cleaning of existing sewers and catch-basins, the granting of permits for making sewer connections, and the investigation of complaints in regard to defective drainage; the care and maintenance of all pipes and other fixtures and appliances held by the City for the purposes of its water supply,

including the laying and relaying of pipes, the installation and testing of meters and the placing of public drinking fountains, also the assessing of water rates and issuing of the bills therefor. Assessments upon the estates benefited by new sewers are not levied by the Public Works Department but by the Board of Street Commissioners (see pp. 98, 99).

The total length of common and intercepting sewers in the City on February 1, 1912, was 823 miles; of supply and distributing water mains February 1, 1913, 828.57 miles; number of water meters then in use, 33,491, or 6,450 more than in 1912 at same date; number of public fire hydrants, 8,612; number of public drinking fountains, 151, of which 77 are fitted with hygienic bubble fixtures and 72 are for animals only.

The first water document published by the City of Boston appeared in 1825. The public introduction of water from Lake Cochituate took place on October 25, 1848. The history of the Boston Water Works up to January 1, 1868, has been written by Nathaniel J. Bradlee; from 1868 to 1876, by Desmond FitzGerald; of the "Additional Supply from Sudbury River," by A. Fteley. In addition to the annual reports on the Cochituate supply, from 1850, and of the Mystic supply, from 1866, there are numerous special reports. By Chapter 449, Acts of 1895, the Boston Water Board, the Water Income Department and the Water Registrar were abolished and the Water Department created, a single commissioner being entrusted with all the powers previously exercised by the Boston Water Board and the Boston Water Registrar.

By Chapter 488, Acts of 1895, the State provided for a metropolitan water supply, Boston being included among the municipalities thus to be supplied. A State Commission, the Metropolitan Water Board, in accordance with said act, took possession, in 1898, of all that part of the Boston water system lying westward of Chestnut Hill Reservoir, also the pumping station there, with adjacent lands. The sum paid to the City was $12,531,000. Payments to the State by the City for its supply of water have been regularly made since 1898. The total number of water rate payers (*i. e.*, to the City) on February 1, 1913, was 99,270 and the daily average amount of water used in 1912 was 90,037,500 gallons, or 126 gallons per capita. This daily average is 4,466,000 gallons more than that reported for 1911. The reservoirs, pumping stations, etc., belonging to the Water Service are these, viz.:

East Boston Reservoir, Eagle Hill, East Boston; capacity, 5,600,000 gallons.

Fairmount Reservoir, Hyde Park; capacity, 1,500,000 gallons.

Fairmount Standpipe, Hyde Park; capacity, 500,000 gallons.

Fisher Hill Reservoir, Brookline; capacity, 15,400,000 gallons.

High Service Tank, Mt. Bellevue, West Roxbury; capacity, 122,000 gallons.

High Service Tank, Orient Heights; capacity, 122,000 gallons.

Pumping Stations: West Roxbury, corner Washington street and Metropolitan avenue; Hyde Park, foot of Water street; and one located on Paradise lane, Dedham.

The Parker Hill Reservoir has been transferred to the Park and Recreation Department, being no longer suitable for the use of the Water Service.

HIGH PRESSURE FIRE SERVICE.

By the provisions of Chapter 312, Acts of 1911, the Commissioner of Public Works was authorized to install an efficient system of high pressure fire service for the City, appropriations therefor, amounting to $1,000,000, to be voted by the City Council in sums of not less than $150,000 each year for six years. The supply of water for this purpose will be taken from the Charles River Basin, and an underground pumping station is soon to be constructed under Charles street, 750 feet north of Boylston street.

The Board has power to lay out, relocate, alter or discontinue highways in the City, and to order specific repairs thereon, also to order, with the approval of the Mayor, the construction of sewers and to take for the City, any lands, water courses and ways deemed necessary for such construction. It levies the assessments on estates benefited by the construction of new sewers and new or improved highways, also awards damages for takings of land, and grants to landowners permission to open private streets. In 1895 the duties of the Board of Survey were transferred to the Street Commissioners; in 1907 they were charged with the licensing of street stands for the sale of merchandise, and in 1908, with the regulation of street traffic.

By the Amended City Charter of 1909, the jurisdiction previously exercised by the Board of Aldermen is vested in the Street Commissioners, with the written approval of the Mayor, as to the naming of streets, as to trees in the streets, as to permits or licenses for special use of same, including the construction of coal holes, vaults, bay windows and marquises in, under, or over the streets, also for the location of conduits, poles and posts and the storage of inflammables and explosives.

The most extensive project of recent years for new street construction is now in charge of the Street Commissioners, as authorized by Chapter 661, Acts of 1912, and accepted by the voters of the City at the State election, November 5, 1912. James E. Cole, *Commissioner of Wires.* Term ends in 1916. Salary, $5,000.

The office of Commissioner of Wires was established in 1894, in accordance with Chapter 454 of the Acts of that year.

The department has issued annual reports, beginning February 1, 1895.

Under the statute of 1894, it was made the duty of the Commissioner of Wires to have all unexempted electric wires, cables and conductors in the City north of Dover and Berkeley streets, and between the Charles river, the Harbor and Fort Point channel placed underground, and to remove all unexempted poles and structures in the streets within the said district before January 1, 1900.

He was authorized to supervise and inspect both underground and overhead wires, cables and conductors; to regulate the direction of such wires, cables and conductors, and see that they were sufficiently insulated; to secure the removal of dead or abandoned wires, and the protection of all buildings by proper safety devices; to inspect all wires carrying electric light, heating or power current within buildings, and to see that all wires, posts, machinery and appliances are kept in good order and condition.

Chapter 249 of the Acts of 1898 provides that in each of the years 1900–1909, inclusive, the Commissioner of Wires shall prescribe the limits of a district within which, for not more than two miles of streets, avenues, or highways, certain wires, cables and conductors shall be removed or placed underground during the calendar year.

In accordance with Chapter 347 of the Acts of 1908, the Commissioner is required in 1910, and in each year thereafter, to and including the year 1919, to prescribe not more than two miles of streets, etc., within which all wires, cables and conductors shall be put underground. Under Section 2 of the same Act, the Commissioner is authorized to grant such terminal pole locations as may be in his judgment necessary, and under Section 3 he is authorized to make such rules and regulations relating to the insulation of overhead and underground wires, cables and conductors and appliances as may be reasonably necessary for the purposes of safety.

The Commissioner is sole judge of what constitutes proper and safe insulation of electric conductors and appliances within buildings, and is authorized to make such rules and regulations as he may deem necessary to secure safe insulation.

According to Chapter 339, Acts of 1908, any person, firm or corporation failing to notify the Commissioner of the installing of wiring or apparatus for electric light, heat or power purposes shall be subject to a fine of not less than ten nor more than fifty dollars for each offence.

Section 1 of Chapter 347, Acts of 1908, was repealed in 1911, as provided by Chapter 364, and the Commissioner was therein required to prescribe not more than three miles of streets in 1912 and each year thereafter to 1916, inclusive, within which all wires, cables and conductors shall during the calendar year be removed (with the poles or other structures supporting them) and placed underground. Certain wires of street railways, etc., are excepted.

The Commissioners were originally appointed for the term of five years from the first of July, 1894. By Stat. 1899, Chap. 375, the term was extended to July 1, 1902. By Stat. 1902, Chap. 534, accepted by the voters of Boston at the Municipal Election of 1902, the term of the Commission was further extended to July 1, 1906. By Stat. 1906, Chap. 213, the term of the Commission was further extended to July 1, 1909; by Stat. 1909, Chap. 455, to July 1, 1911, and by Stat. 1911, Chap. 623, to July 1, 1914.

Walter B. Russell, *Director.*

The Franklin Foundation is incorporated under Chapter 569 of the Acts of 1908, and has sole charge of the Franklin Union, as well as the management of the Franklin Fund.

The Franklin Fund is the proceeds of a bequest of one thousand pounds to "the Inhabitants of the Town of Boston in Massachusetts" made by Benjamin Franklin, in a codicil to his will dated June 23, 1789. The codicil provided that the fund "if accepted by the inhabitants of the Town of Boston" be managed "under the direction of the Selectmen, united with the Minister of the oldest Episcopalian, Congregational, and Presbyterian Churches in that Town," who were to make loans on certain conditions to "young married artificers under the age of twenty-five years."

Dr. Franklin, who died April 17, 1790, calculated that, in one hundred years, the thousand pounds would grow to £131,000, "of which," he says, "I would have the managers then lay out at their discretion £100,000 in Public Works which may be judged of most general utility to the Inhabitants. The remaining £31,000, I would have continued to be let out on interest for another hundred years. At the end of this second term, if no unfortunate accident has prevented the operation, the sum will be £4,061,000, of which I leave £1,061,000 to the Town of Boston,

* The Managers serve without compensation.

and £3,000,000 to the disposition of the Government of the State, not presuming to carry my views farther." The Town accepted the donation at a Town Meeting held June 1, 1790.

A futile suit brought by the Franklin heirs in 1891 prevented the division of the fund at the expiration of one hundred years; but on January 17, 1894, by direction of the three ministers and the Board of Aldermen of the City, which board claimed to be the successors of the "Selectmen," $329,300.48 ($\frac{100}{131}$ of the fund) was paid to the City Treasurer, for "the purchase of land and the erection thereon of the Franklin Trades School and for the equipment of the same." Owing to a series of complications the money has remained in the custody of the Treasurer. Mayor Collins, in 1902, caused a petition of the City to be filed in the Supreme Court, praying for instructions as to the authority of the persons then acting as Managers of the fund. The Court rendered an opinion November 25, 1903 (184 Mass. 373, page 43), to the effect that the three ministers were Managers of the fund under Franklin's will, but that the Aldermen did not succeed the "Selectmen" as Managers and had no powers with reference to it. The Court, under its general power to care for public charitable funds, appointed, on March 16, 1904, the above Managers to take the place of the "Selectmen," and provided in the decree of the Court that the Mayor of Boston should be one, *ex officio*. On October 20, 1904, the City Treasurer, *ex officio*, was appointed by the Board of Managers as treasurer of the fund.

On December 2, 1905, the City Treasurer received from Mr. Andrew Carnegie $408,396.48, said sum being the amount of the Franklin Fund, August, 1904, which Mr. Carnegie agreed to duplicate.

On January 31, 1906, the amount available for expenditure by the Managers was $426,824.78. The Franklin Accumulating Fund, which will become available in 1991, amounted, on January 31, 1913, to $217,511.

The Franklin Trades School, or Franklin Union as it is now called, occupies its own building at the corner of Appleton and Berkeley streets, which was opened in September, 1908. It is maintained by the income from the Franklin Union Trust Fund, the latter amounting to $478,648 on January 31, 1913. The building contains 24 classrooms and 6 draughting-rooms, where 1,500 to 1,600 students receive instruction, the fees ranging from $4 to $15, according to length of course. There is also a technical and scientific library, and a large hall with a seating capacity of 1,000 for lectures, concerts, discussions and similar purposes. The building with equipment cost about $400,000. The site was purchased in 1906 for $100,000.

The Board of Police for the City of Boston was established by Chapter 323 of the Acts of 1885, and was composed of three citizens of Boston, appointed for five years from the two principal political parties by the Governor, with the advice and consent of the Executive Council. The Board assumed office on July 23, 1885. By Chapter 291 of the Acts of 1906, the department was placed in charge of a single head, to be known as the Police Commissioner.

The powers of the Board of Police, except those relating to the granting of intelligence office, billiard and pool, skating rink, picnic grove, bowling alley, common victualers' and liquor licenses, which were transferred to the newly created Licensing Board, devolve upon the Police Commissioner. The present Police Commissioner assumed office June 4, 1906, for a term of five years and was reappointed in 1911 for another term.

The City is divided into eighteen Police Districts, in each of which is a station-house, the headquarters of a captain and force of men. The Commissioner appoints a Harbor Master and assistants from the police force, and they receive pay in accordance with their rank in the force. The police steamer "Guardian" and the steam launches "Ferret," "Watchman" and "Alert" are employed in this service.

By Chapter 279 of the Acts of 1903 the Board of Police were required to ascertain each year, the name, age, occupation and residence on May 1 of every male person twenty years of age or over in the City of Boston and also to make lists of the women voters.

By Chapter 291 of the Acts of 1906, the powers and duties of the Board of Police relative to the listing and registration of voters were transferred to a Listing Board, to be composed of the Police Commissioner and one member of the Board of Election Commissioners to be annually appointed by the Mayor of Boston. Such member must belong to that one of the two leading political parties of which the Police Commissioner is not a member. In case of disagreement the Chief Justice of the Municipal Court becomes a member for the purpose of settling such disagreement.

By Chapter 440, Acts of 1909, the time for the police listing was changed to the first week of April.

TERMS, HOLIDAYS AND VACATIONS OF DAY SCHOOLS.

The school year begins on the first day of September in each calendar year and closes on August 31 of the following calendar year.

All day schools are in session from the second Wednesday in September up to and including the Wednesday of the second calendar week preceding the Fourth of July, except on Saturdays and Sundays and the following vacations and holidays; Columbus Day (October 12); from 12 o'clock noon on the day before Thanksgiving Day until the following Monday; from 12 o'clock noon on the second calendar day immediately preceding Christmas Day to and including the first day of the following January; the Twenty-second of February; Good Friday; the week

beginning with the first Monday in April; the Nineteenth of April; Memorial Day and the Seventeenth of June. Whenever any of the aforesaid holidays, except the first day of January, falls upon Sunday, the schools are not in session on the following Monday. Graduating exercises are held during the second calendar week preceding the Fourth of July.

MEDICAL INSPECTORS AND NURSES.

Regular medical inspection of the schools has been maintained since 1894, under the supervision of the Health Department. For list of the 84 School Physicians, see that department. For results of medical inspection during the year 1912, see Table IX.–4, Bulletin of Statistics Department, Vol. XIV., Nos. 10, 11, 12.

Chapter 357, Acts of 1907, provided for the appointment by the School Committee of one supervising female nurse and as many district female nurses as are deemed necessary. Their duties are to assist the medical inspectors in carrying out the latters' directions, and to give such instruction to the pupils as will promote their physical welfare. For the seventy elementary school districts there are now thirty-eight nurses in the service, besides the supervising nurse.

PHYSICAL TRAINING.

By Chapter 295, Acts of 1907, the School Committee were authorized to organize and conduct physical training and exercises, athletics, sports and games and to provide therefor proper apparatus and facilities in the buildings, yards and playgrounds under their control, also to make similar use of all such facilities in charge of the Park Commissioners as the latter, with the Mayor's approval, might deem suitable.

The sum available for this branch of education is four cents on each $1,000 of the City's assessed valuation, which in 1912 was $56,154. Besides this, a special appropriation of $20,000 was provided for equipment, etc.

There are now a director and two assistant directors of physical training, five instructors in athletics and about 150 playground teachers, the latter having charge of games, etc., in the 21 schoolyard playgrounds and 36 park playgrounds in use.

INDUSTRIAL SCHOOLS PARTLY MAINTAINED BY STATE.

By Chapter 505, Acts of 1906, amended by Chapter 540, Acts of 1909, the State especially encourages the establishing of independent industrial schools, allowing financial aid for their maintenance proportionate to the amount raised by local taxation and expended for all public schools. Under this arrangement, the School Committee is reimbursed by the State to the extent of one-half of the net cost of the five industrial schools established in Boston thus far with the approval of the State Board of Education, viz.: Boston Industrial School for Boys, Trade School for Girls, Evening Industrial School, Evening Trade School and the Continuation School.

There are seven manual training rooms located in high schools, one in each of the following named districts: Brighton, Charlestown, Dorchester, East Boston, Jamaica Plain, South Boston and Hyde Park. In addition to these there are sixty-four manual training rooms located in elementary schools, viz.: Seven in East Boston, five in Charlestown, nine in Boston proper, nine in South Boston, eleven in Roxbury, three in Jamaica Plain, one in Roslindale, one in West Roxbury, fourteen in Dorchester, three in Brighton and one in Hyde Park.

There are nine Evening High Schools, viz.: Central (English High School), Girls', Charlestown, Dorchester, East Boston, Hyde Park, North (Washington Schoolhouse), Roxbury and South Boston. These schools, whose sessions are on Monday, Tuesday and Thursday evenings, are held in the several high schoolhouses of the districts named.

Additional classes in Italian are held at the Dearborn, Hancock, Quincy and Oliver Wendell Holmes Schoolhouses.

USE OF SCHOOL PROPERTY FOR SOCIAL AND CIVIC PURPOSES.

By the provisions of Chapter 195, Acts of 1912, the School Committee may allow the school property under their control to be used by associa-

tions and individuals for social, recreative and civic purposes such as may be of benefit to the community, with the understanding that such use shall nowise interfere with the regular school work, and that no admission fee shall be charged. The School Committee may annually appropriate for this purpose a sum equal to two cents on each $1,000 of the City's assessed valuation. This plan was started by establishing four Evening Centers, each having a manager, in four high schoolhouses, viz.: Charlestown, East Boston, Roxbury and South Boston, beginning in October, 1912, and continuing five months. A variety of study clubs, lectures, concerts and other entertainments are included in these activities and more of the schoolhouses are now used for them. The basements of ninety-three schoolhouses are used by the Election Department as polling places, this arrangement having begun in 1910. In eleven of the school halls municipal concerts are given and in one schoolhouse (Copley School) there are municipal baths.

PENSION FUNDS FOR TEACHERS.

As provided by Chapter 589, Acts of 1908, amended by Chapter 617, Acts of 1910, the School Committee, by a majority vote of all its members, may retire with a pension any member of the teaching or supervising staff of the public day schools who has reached the age of sixty-five years, also such other members as are incapacitated for further efficient service. If the teacher retired has been employed in the public day schools for thirty years or more, ten years of which has been in Boston, the pension paid amounts to one-third of the annual salary received at time of retirement, but in no case is it less than $312 nor more than $600 annually. If the period of service is less than thirty years, the pension is proportionally less. The School Committee are authorized to provide for these pensions by appropriating annually an amount equal to five cents on each $1,000 of the City's assessed valuation. The Permanent School Pension Fund thus accumulated amounted to $194,132, February 1, 1913.

The Boston Teachers' Retirement Fund Association, started in 1900, is paying $180 per year to 242 annuitants, and the total amount of its fund on February 1, 1913, was $377,820. At that date 2,625 teachers were each contributing $18 per year to this fund. There is also the Teachers' Mutual Benefit Association, which comprises teachers in the permanent employment of the City. They may be admitted to this association by a two-thirds vote of the Board of Trustees, by ballot, and upon the payment of the initiation fee of three dollars ($3) and assessments. This is a mutual organization of teachers by which a teacher pays into the treasury one per cent of her annual salary and receives, upon becoming an annuitant, such annuities as the association is able to pay. The association has a fund of about $120,000 and the income from this and the receipts from assessments are divided among the annuitants each year.

CHAPTER 9.

Concerning Control of Building Operations.

Section 1. All persons who shall hereafter take personal charge or control of the work of construction, alteration, removal or tearing down of buildings or structures in the city of Boston shall be qualified by education, training or experience for the performance of that duty in a manner which shall preserve public safety and conform to the laws, ordinances, rules and regulations relating to the construction, alteration, removal or tearing down of buildings or structures in the city of Boston.

Sect. 2. The qualifications of such persons shall be determined by a board of examiners as hereinafter provided; and no permit for the doing of work described in section one of this ordinance shall be issued by the building commissioner unless the application for a permit therefor contains the name, address and signature of a person who is duly licensed, as hereinafter provided, to take personal charge or control of such work; *provided, however,* that a permit may be granted if no person licensed as aforesaid has been named in the application therefor whenever the work in question is of minor importance, and, in the opinion of the building commissioner, stated in writing with his reasons therefor upon the application for such permit, the work is of such simple character that its execution will not endanger the safety of the public, or of any person engaged thereon.

Sect. 3. There shall be in the building department a board to be called the board of examiners. Said board shall consist of three members to be appointed by the mayor in accordance with the provisions of sections nine and ten of chapter four hundred eighty-six of the acts of the year nineteen hundred nine. Each member shall receive ten dollars for every day or part thereof of actual service but not more than one thousand dollars in any year. The first appointments shall be for one, two and three year terms respectively, and succeeding appointments shall be for terms of three years.

Sect. 4. The board shall, as soon as practicable after the appointments of the members have become operative, meet and organize by the selection of a chairman and a secretary; and shall hold examinations, under reasonable rules and regulations adopted by it, of persons desiring to be registered as qualified to have charge or control of the construction, alteration, removal, or tearing down of buildings or structures. The first

examination shall be held within thirty days after the date of the organization of the board, and shall be advertised once a week for three successive weeks in the daily papers published in the city of Boston, and in the *City Record.* Due notice of subsequent examinations shall be posted in the offices of the building department and of the board of examiners and published in the *City Record.*

The board shall establish various classes of persons to be registered, shall determine the qualifications required for each class, and after examination shall register in each class the persons found to possess the requisite qualifications therefor. The name and address of each person so found to be qualified, with the designation of the class in which he is registered, shall thereupon be certified by the board to the building commissioner who shall make a record of the same which shall be open to public inspection.

SECT. 5. Any person who shall by affidavit, together with such other evidence as may be required by the board, show to the board that prior to the passage of this ordinance he has had charge or control of the construction, alteration, removal or tearing down of buildings or structures in the class in which he applies to be registered, and shall satisfy the board that he is qualified by education, training or experience to have charge or control of such work, may, without any other examination, be registered in said class and be certified to the building commissioner as a person qualified within such class.

SECT. 6. The building commissioner, upon the payment of a fee of two dollars, shall issue a license to each person certified by the board, and such license shall not be transferred. The fees received by the board and by the building commissioner shall be paid over to the city collector at least once a week.

SECT. 7 A person who has been duly licensed as aforesaid shall be entitled to have charge or control of any work described in section one of this ordinance, in the class in which he is registered, until his license is revoked or suspended by the building commissioner upon the order of the board. No license shall be revoked or suspended except upon proof of charges, filed with the board by the building commissioner or other person, specifying that the licensee has been careless or negligent in the performance of his duty in connection with work under his charge or control, or has caused or permitted a violation of the building laws in connection therewith, or that such laws have been violated in connection with such work when the licensee knew, or, in the exercise of due diligence, should have known, that such violation had occurred. Upon learning of such carelessness, or neglect of duty, or of such violation of law, the building commissioner shall file charges with the board and prosecute the same. Upon the filing of such charges by the building commissioner, or other person, the board shall give to the licensee notice of a hearing upon the charges which shall be held by the board not less than seven days after the date of said notice. The notice shall be by personal service or by registered mail and shall state the time and place of the hearing and con-

tain a copy of the charges. At such hearing the licensee may be represented by counsel, and the building commissioner may be assisted by a representative of the law department of the city.

SECT. 8. If, for any cause, a person licensed as herein provided, shall cease to have charge or control of any work described in section one of this ordinance before such work is finished, the work shall stop until another person duly licensed for the doing of such work has been placed in charge thereof.

SECT. 9 Whenever the board shall determine that a sufficient number of persons has been licensed in the various classes, it shall post notice of such determination in the offices of the building department and of the board and publish the same in the *City Record*. No person shall, by reason of anything contained in this ordinance, be denied a permit by the building commissioner or suffer any penalty until after the expiration of thirty days from the date of said publication in the *City Record*.

SECT. 10. Whoever voilates any provision of this ordinance shall be punished by a fine of not more than fifty dollars for each offence.

SECT. 11. This ordinance shall take effect upon its passage.

REGULATION OF THE HEIGHT OF BUILDINGS.

[Stat. 1904, Chap. 333; Stat. 1905, Chap. 383.]

By Stat. 1904, Chap. 333, the Legislature provided that the City of Boston should be divided into two districts, designated as Districts A and B, and that if not repugnant to some other statute, buildings could be erected in District A to a height of 125 feet, but that except as to certain projections above the roof, no buildings could be erected in District B to a height greater than 80 feet. A commission consisting of Nathan Matthews, Joseph A. Conry, and Henry Parkman was appointed by Mayor Collins, June 7, 1904, to determine the limits of these districts, and it made a preliminary order on July 5, 1904, which was revised December 3, 1904. Under Stat. 1905, Chap. 383, the Legislature made certain minor changes in the law, and also authorized the erection of buildings to a height not exceeding 100 feet in such parts of District B, and on such conditions, as a commission should determine. The same commission was reappointed under this act and made a preliminary order July 21, 1905, which was revised November 20, 1905. [See Document 133, 1905.]

District A includes the waterfront regions extending around East Boston, Charlestown, and the northerly and westerly sides of South Boston as far as East First and West First streets, Dorchester avenue, and Southampton street, a narrow strip extending through Wards 12 and 9 east of Albany street to Broadway, thence the boundary line extends northwesterly and westerly through Pleasant, Piedmont, and Ferdinand streets to Columbus avenue, thence across to the corner of Boylston and Arlington streets, along Boylston to Tremont, thence to Park, Beacon, Bowdoin, and Cambridge streets, thence through Cambridge, Staniford, Green, and Leverett streets to Charles River Dam. Of the City Proper, all of Ward 6, nearly all of Ward 7 and the northeastern half of Ward 8 are within District A.

District B comprises all other territory in the City. In this district buildings may in general be erected to a height of not more than 80 feet, but on streets exceeding 64 feet in width the height may be equal to one and a quarter times the width of the widest street upon which the building stands, said height to be measured from the mean grade of the curbs of all streets upon which the building is situated and not to exceed in any event 100 feet above such point of measurement. On all streets or portions of streets upon which buildings may be erected on one side only, the buildings may be erected to a height of 100 feet. No building may be erected to a height greater than 80 feet unless its width on each and every public street

upon which it stands be at least one-half its height. Certain special exceptions to the general regulations affecting District B have been made as follows:

1. No building can be erected to a height greater than 70 feet, measured on its principal front, in the territory bounded by Beacon street, Joy street, Myrtle street, Hancock street and Hancock avenue.

2. So long as the property owned by the City of Boston on Dalton, Belvidere and Scotia streets shall be used for a Mechanic Arts High School any building or buildings thereon may be erected to a height of 100 feet.

3. Buildings may be erected to a height not exceeding 125 feet in that portion of District B which lies 50 feet westerly from the boundary line running from Columbus avenue to the centre of Boylston street separating District A from District B, provided that said portion of District B is owned by the same person or persons who own the adjoining premises in District A.

4. No building can be erected on a parkway, boulevard or public way on which a building line has been established by the Board of Park Commissioners or by the Board of Street Commissioners acting under any general or special statute, to a greater height than that allowed by the order of said Boards.

5. No building upon any land, any owner of which has received and retained compensation in damages for any limitation of height, or who retains any claim for such damages, can be erected to a height greater than that fixed by the limitation for which such damages were received or claimed.

BOUNDARIES

OF

WARDS AND PRECINCTS.

[26 WARDS — 225 PRECINCTS.]

WARDS.

New wards were established for the City in the year eighteen hundred and ninety-five, the first division into new wards since the year 1875.[1] An attempt was made by the City Council to make a new division of wards in the year 1885, and an ordinance to that effect was prepared by a special committee appointed for the purpose, passed by the City Council and approved by the Mayor.[2] Certain questions were raised, however, in the General Court of 1886, relative to establishing State, senatorial and representative districts, and as to whether such districts should be established according to the territorial boundaries of cities and towns and their wards as they existed on the first day of May, 1885, or whether new ward lines, as in the case of the City of Boston, should be followed. On May 21, 1886, the opinion of the Justices of the Supreme Judicial Court was asked by the Legislature on this matter, and they decided that the district divisions referred to must be made according to territorial and other boundaries existing on the first day of May, 1885, and that the new ward divisions were illegal.[3] On account of this opinion of the Justices of the Supreme Judicial Court, an act was passed by the Legislature in June, 1886,[4] which provided that the several wards, precincts, and assessment districts of the several cities of the Commonwealth, existing May 1, 1885, should be established as the wards, precincts, and assessment districts of said cities, any acts or ordinances of the city councils of said cities to the contrary notwithstanding. The new division of wards was thus set aside and the ward lines established in 1875 remained in effect until they were changed in 1895 and established under the provisions of Chapter 417 of the Acts of 1893, as below. According to this act, a city may be redivided into wards in every tenth year after 1895, but this is not mandatory. In 1905 a new division of the City was attempted by the City Council, but neither of the plans submitted was adopted.

A new ward (Ward 26) was added to the twenty-five wards of the City existing since 1895, by the annexation of Hyde Park on January 1, 1912, as provided by Chapter 469, Acts of 1911.

[1] An ordinance providing for a new division of the City into wards passed Nov. 16, 1875. An ordinance to make Breed's Island, so called, part of Ward 1 passed Dec. 4, 1875. By Chap. 242 of the Acts of 1876 the City Council were directed to divide Ward Twenty-two into two wards to be called Wards 22 and 25. The division was accordingly made by an ordinance passed May 27, 1876.

POPULATION AND AREA.

ENUMERATED POPULATION OF BOSTON, APRIL 15, 1910,

670,585.

ESTIMATED POPULATION, APRIL 15, 1913,

724,243.

According to the returns of the United States Bureau of the Census, the population of Boston on April 15, 1910, was 670,585. This shows an increase of 109,693, or 19.56 per cent. in the population since June 1, 1900, when it was 560,892 (Federal census); and of 12.63 per cent. over that of May 1, 1905, viz., 595,380, enumerated by the State Census.

The estimated population of the City (26 Wards) as of April 15, 1913, based on the observed increase from June 1, 1900, to April 15, 1910, is 724,243.

The Census of 1910, by wards and precincts, is shown on the following page; by sex and nativity on page 230; by country of birth, for foreign born whites, on page 231; and the change in each ward since 1905, on page 235.

Since 1875 the only considerable amount of territory annexed to Boston is Hyde Park, whose population on April 15, 1910, was 15,507, and estimated to be, at same date in 1913, 16,265.

The following statement shows the population in each census year, with the absolute and relative increase, for 35 years, 1875–1910, by intercensal periods:

Population, Census Years.		Period.	Increase.	Per cent. of Increase.
1875	341,919	. . . . .	. . . . .	. . . . .
1880	362,839	1875–1880	20,920	6.12
1885	390,393	1880–1885	27,554	7.59
1890	448,477	1885–1890	58,084	14.88
1895	496,920	1890–1895	48,443	10.80
1900	560,892	1895–1900	63,972	12.87
1905	595,380	1900–1905	34,488	6.15
1910	670,585	1905–1910	75,205	12.63

Among American cities, Boston has ranked fifth in population since 1890, but now it is a close rival of St. Louis for fourth place again, which it held in 1880.

Note.— The existing wards are the same as those created by ordinance in 1895, but fourteen precincts were added in the fifteen years ending 1910, viz.: Precincts nine to fifteen (inclusive) in Ward 20, ten, eleven and twelve in Ward 21, ten, eleven and twelve in Ward 24 and precinct nine in Ward 19, making the total number of precincts 205 in 1910. For later additions see page 171.

According to chapter 417, Acts of 1893, a city may be redivided into wards in every tenth year after 1895, but this is not mandatory. After the State Census in 1905, a new division of Boston was attempted by the City Council, but neither of the plans submitted was adopted, and no division can now be made until 1915 unless sanctioned by a special legislative act.

From the fiscal year 1885-86 to the fiscal year 1899-1900, inclusive, the City could make annually appropriations, to be met by the general revenue of the City and by taxes, to the amount of the interest and sinking-fund requirements, to the amount of the County expenses up to $425,000 and to the further amount of $9 on each $1,000 of the average of the assessed valuations for the preceding five years, the valuation for each year being decreased by all abatements allowed to, and including, December 31, of the year preceding.

During the fiscal year 1900-01, the Legislature passed an act (Stat. 1900, Chap. 399) repealing the laws of 1885 and 1887 (Stat. 1885, Chap. 178, and Stat. 1887, Chap. 281), and authorizing the City Council to make appropriations annually to the amount of the interest and sinking-fund requirements, to the total amount of County expenses, and to the further amount of $10.50 on each $1,000 of the average of the assessors' valuations for the preceding three years, reduced by all abatements allowed to December 31 of the year preceding. The law went into effect in June, 1900. By Chapter 521, Acts of 1910, the limit of $10.50 on each $1,000 was raised to $10.55.

* Does not include State tax and assessments, nor Metropolitan assessments, which are met by "Taxes and General Revenue."

* Decrease. ** Includes Interest on Temporary Loans. ‡ Includes Hyde Park Town Debt assumed by annexation, $285,850.

Note.— The receipts from work undertaken under the Acts authorizing loans for the "Laying-out and Construction of Highways," and for "Rapid Transit," are applied to the payment of interest on these loans respectively, and the balance, if any, paid to the Sinking Fund Commissioners. When such receipts are insufficient to meet these payments, the interest is met from receipts from sales of bonds. The following amounts have been paid for interest:

The foregoing interest payments are included in the Summary Table (debt of all kinds; see page 256), but omitted from the "City Debt" table, in order to show in the latter the "City Debt Requirements only," that is, the amount of interest and sinking fund payments met from the tax levy.

In this and the following debt tables, the amounts shown under "Sinking Funds, end of Year" do not include "other means of debt redemption" such as unpaid betterment assessments, etc.

† On "Rapid Transit" loans only. Beginning with the fiscal year 1906–07, the interest on loans for "Making of Highways" does not appear in the preceding note but is included in the interest total shown in the "City Debt" table, the amount being paid from the tax levy.

* Decrease. ** Includes all additions to the Sinking Funds from taxes and other revenue, but excludes interest, etc., received on the investments and bank deposits of those funds.

† The yearly totals under "Sinking Funds" and "Gross Debt, less Sinking Funds" do not agree with those shown in the Auditor's table of the Gross Funded and Net Debt (see Auditor's Report), because the "other means of debt redemption" such as unpaid betterment assessments, are not included here.

‡ Includes $120,000 in each of the two years 1907 and 1908, issued by Commonwealth, for Suffolk County Courthouse enlargement, in 1910, $326,666.67 and in 1911, $30,666.67 for the same purpose. Includes also, in 1911-12, the Water Debt (*i. e.*, $468,000) and Town Debt (*i. e.*, $285,850) of Hyde Park, assumed by annexation.

§ For movement of Mystic Water Debt, 1878-1895, which was included in this Summary, till 1895-96, see Municipal Register, 1909, page 263.

Note.— The above Summary does not include Boston's share of the net Metropolitan District debt, which was as follows: February 1, 1913: Water debt, $24,957,408; Park debt, $5,208,254; Sewer debt, $4,161,584; Charles River Basin debt, $2,277,485; Total, $36,604,731.

debt, $4,161,584; Charles River Basin debt, $2,277,485. The percentages paid by Boston are: 78.27 + on water debt; 59.45 + on most of the park debt; 41.30 on most of the sewer debt, and 60.02 + on Charles River Basin debt.

MALE RESIDENTS TWENTY YEARS OF AGE AND OVER.

Total number of men residing in Boston, as ascertained in April, 1913, by Police Listing Board, 215,388, or 1,216 more than in April, 1912.

RETIREMENT LAWS AND PENSIONS.*

On March 1, 1912, chapter 413, Acts of 1911, providing for the retirement of laborers, went into effect, having been accepted by the City Council, October 26, 1911. Any laborer sixty years of age or over, who has served the City for twenty-five years, and is physically incapacitated shall, at his request, be retired from service, and shall receive for the remainder of his life an annual pension equal to one-half of his pay for his final year's service. All retirements are subject to the approval of the Retirement Board, viz., the Mayor, City Auditor and City Treasurer, who serve without compensation. Retirement is compulsory when any laborer reaches the age of seventy.

Chapter 367, Acts of 1913, specifies that the amount of the annual pension payable to such retired laborers, skilled laborers, mechanics, etc., is not to exceed $360.

Veterans of the Civil War in City service, if incapacitated for active duty, are retired, with the consent of the Mayor, at one-half pay, provided they have been in the City's service for at least ten years. This is in accordance with chapter 113, Acts of 1911, which went into effect March 8, 1911, the date of its approval.

As provided by chapter 459, Acts of 1910, veterans of the Civil War in the service of any county if incapacitated for active duty, may be retired by the County Commissioners, with the consent of the Governor, on half pay, when they have been ten years in the county service, and have reached the age of sixty-five. When necessary for the good of the service, a veteran may be retired before reaching that age.

Up to July 1, 1913, the number of laborers retired was 144; of veterans retired, 145.

The total of City and County pension payments in the fiscal year 1912–13 was $403,153, divided as follows: Police Department, $139,847; Fire Department, $111,843; School Department, $70,192; Public Works Department, $61,183; Suffolk County, $7,034; Health Department, $2,969; Park Department, $2,195; eleven other departments, $7,890.

ACTS OF 1913 RELATING TO BOSTON.

from State laws, and six refer to changes of salaries, leaving fifty-four that are of special concern to the City. Those of chief importance are: chapter 536, giving the Street Commissioners power to assess betterments outside the former statutory limit of 125 feet from the improvement, and placing no restrictions on the amount assessed; chapter 775, providing for the construction, by the Boston Transit Commission, of a tunnel to connect the Washington Street Tunnel with Sullivan square, Charlestown; chapter 695, providing for the taking by the City of certain parcels of land in the widening and construction of Avery street; chapter 799, providing for the widening and construction of Washington street, West Roxbury; chapter 667, permitting appropriation of money to be added to the rental of East Boston tunnel, in case it is decided by a referendum to abolish the tunnel tolls; chapter 586, amending the building laws and enabling the Health Department to prosecute all violations of law regarding the number of occupants in a tenement house; chapter 714, requiring all operators of passenger elevators to obtain a license from the Building Commissioner.
